UIA is a global and multi-cultural organization for the legal profession. Established in 1927, it consists of members spread across 110 countries. It promotes professional development, learning and the Rule of Law while facilitating professional development, training as well as friendship, collegiality and networking among its members.

Join the UIA and become a member of the world's strongest network of lawyers

• You will participate in the work of the UIA Commissions in Business Law, Human Rights and General Practice and share your experience with that of professionals from over 110 countries.

• You will also be able to join forces with the UIA, which, each year, provides its support to lawyers who cannot freely practise their profession. Everywhere in the world where rights of defence are threatened or the proper administration of justice is hindered, the UIA will make your voice heard.
